Announcement of Distribution Agreement Between BROSCO and INTEX Millwork Solutions

BROSCO is pleased to announce that it has entered into a distribution agreement with INTEX Millwork Solutions of Millville, New Jersey. INTEX is well prepared to provide its unique line of PVC surrounds, trim, mouldings, millwork, railings, pergolas and other custom products throughout BROSCO's complete territory of New England, New Jersey and New York. Effective Monday, March 22, 2010, BROSCO will begin accepting orders for the complete INTEX product line.

BROSCO will be stocking the newest INTEX product, Dartmouth Extruded Rail System, as well as PVC Mouldings, Corner Boards and Entrance Trim. INTEX is a company with a passion for making homes more beautiful and enjoyable by providing innovative, high quality products. Their custom capabilities offer builders and homeowners unlimited design flexibility. The technological advancements provided by INTEX streamlines the quoting and ordering process allowing for accurate and timely project completion.

INTEX operates a modern 40,000 sq. ft manufacturing facility in Millville, New Jersey. Their talented staff brings many years of experience in the building material industry and are dedicated and committed to creating satisfied customers.

Your BROSCO Sales Representative will be introducing this new product line and exciting opportunity to you soon.

We look forward to this new partnership and the opportunity to service you and your customers!

Timothy A. Lyons
Vice President/ Sales & Marketing
