## **IRON-A-WAY®**

### **IRON-A-WAY Ironing Centers**

BROSCO is proud to announce the addition of IRON-A-WAY Ironing Centers to our fine family of millwork products. IRON-A-WAY's built-in ironing centers are expertly crafted to provide innovative features neatly tucked out of sight. Included in every wall mounted ironing center are the most premium set of features that provide ease and comfort when ironing. The ironing centers are built with unmatched qualities and performance-proven features that not only improve ironing convenience, but has redefined the old fashion way of ironing.

BROSCO will be stocking three IRON-A-WAY models, the A-42 with a Pine Raised Panel, the NE-342 with a Pine Raised Panel and the NE-342 with a Flush Birch Panel. Each feature a 42" ventilated board, premium hot iron storage, additional storage shelf, garment hook and full length piano hinge. The A-42 also features a swivel board with 4" vertical adjustment, a spotlight and electrical system. There is an electrical pack available as a separate item for the NE-342 models.

All models will be stocked in each location and are due to arrive by mid April.
