

Craftsman Prefinishing Fiberglass Entry Door System

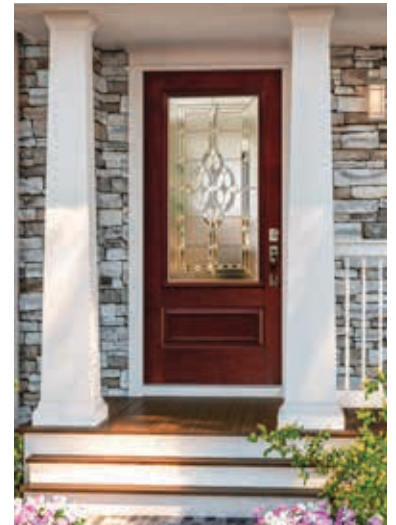

Architectural Series

Take pride in your home with the eye catching beauty of BROSCO Craftsman Prefinishing. Attention to detail is what sets us apart. Our skilled craftsmen use a handcrafted process under controlled conditions resulting in a high end, durable finish.

DOOR SPECIES

	MAHOGANY	FIR	WALNUT
Mahogany			
English Walnut			
Walnut			
Natural Oak			
Light Oak			

The genuine woodgrain of Architectural doors and a professionally applied finish provide instant curb appeal. Choose from five distinct stain colors specifically formulated for JELD-WEN Fiberglass doors.

Staining Process:

1. Prep Unit
2. Apply Base Coat Primer
3. Dry in Curing Oven
4. Apply Stain Color
5. Dry in Curing Oven
6. Shade to Achieve Final Color
7. Apply Water Base Exterior Urethane Top Coat
8. Dry in Curing Oven

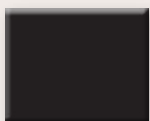

Touch Up Kit included with every door unit!

The unit is then packaged in a specially designed polymer bag to protect the finish during delivery.

Smooth-Pro Series

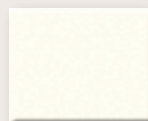

Choose from eight standard paint colors or choose your own custom color.

Black

Pure White

Mill Ivory

Galvano (Lt. Gray)

Cedar Green

Blueprint

Deck Red

Tower Gray

BROSCO Craftsman Prefinishing Professional Results Guaranteed!
