

“JELD-WEN brings **NATURE** and **SCIENCE** together to give you the **NEXT GENERATION** of fiberglass doors.”

FiberLast™ Fiberglass Door Construction

Profiled Hinge & Lock Stile

The Ingredients of Durability

- A. AuraLast® stiles and rail. Composite bottom rail prevents moisture absorption
- B. 1-1/4" lock stile is reinforced with a full-length 2-3/4" LVL lockblock
- C. Exterior-grade primer
- D. Energy efficient core. Polyurethane foam core gives the door the feel of solid wood.
