

Online Order Entry, Inquiry & Quoting System

Introducing BROSCO XPress 3.0!

Our user interface has been updated to provide easier navigation and a more user friendly experience. Updates include web browser options, retail quote options, configurator viewing options and back office support.

Web Browser Options

XPress 3.0 can now be accessed through all major browsers.

Internet Explorer

Google Chrome

Firefox

Safari

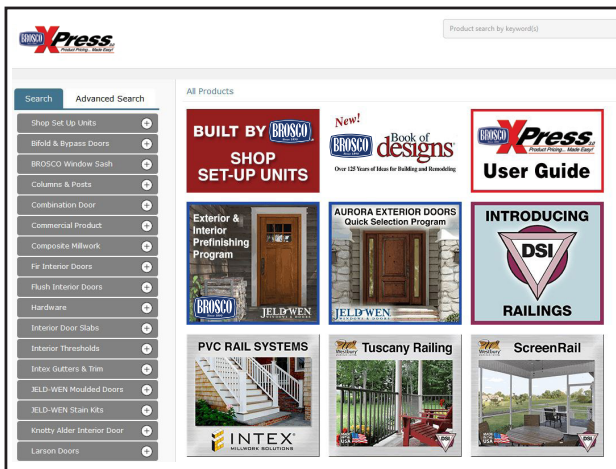

Retail Quotes

Provide your customers with professional looking price quotes direct from XPress.

Simplified Search Features

Search for products using the easy to navigate categories.

Configurator Summary

While building a door unit in the XPress configurator, a condensed summary of the unit will appear in the upper left hand corner. A composite door image will be available at the completion of the unit.

Back Office Support

Access to a list of all transactions; review orders, quotes, invoices, credit memos, RMA's and signed delivery tickets.
