Authentic Design for the Architecture Enthusiast™

Introducing Spotlights™ Doorglass

We like to think of your entry door as the spotlight to your home. It says a lot about you and your eye for detail in every aspect of your home's design.

Spotlights are true to the character of your home's aesthetics. Circuit, Clear, Clear Low-E, Cubed, Frosted and Rain glass; perforated metal Chain Link inserts, and an architecturally authentic modern frame profile create the minimalist aesthetic and functional attributes you're wanting in your home.

The textured grain in Spotlights' frames is reminiscent of classic mid-century maple and birch furniture. The uniform and subtle grain provides a perfect surface for paint or stain.

Put the spotlight on...your style, your price, your architectural expression, your entry door, your home.
