# Prefinishing

Choose the perfect finish and let us do the work!

## Quality Finish

Our process begins with a dust-free, rigorously inspected unfinished door followed by multi-coat paint or stain applications, baked on at every step. The result is a finish as durable as it is beautiful.

## Save Time

Finishing a door in the field can squander valuable time and energy. Simply choose the stain or paint color and BROSCO will take care of the rest.

## Inspiring Finishing Options

The possibilities are wide open with numerous contemporary paint colors and stains at your fingertips. We have the right finish for your next project.

All stain and paint colors shown below can be applied to JELD-WEN® Architectural Collection as well as Design-Pro Series door units.
