MILLWORK SOLUTIONS

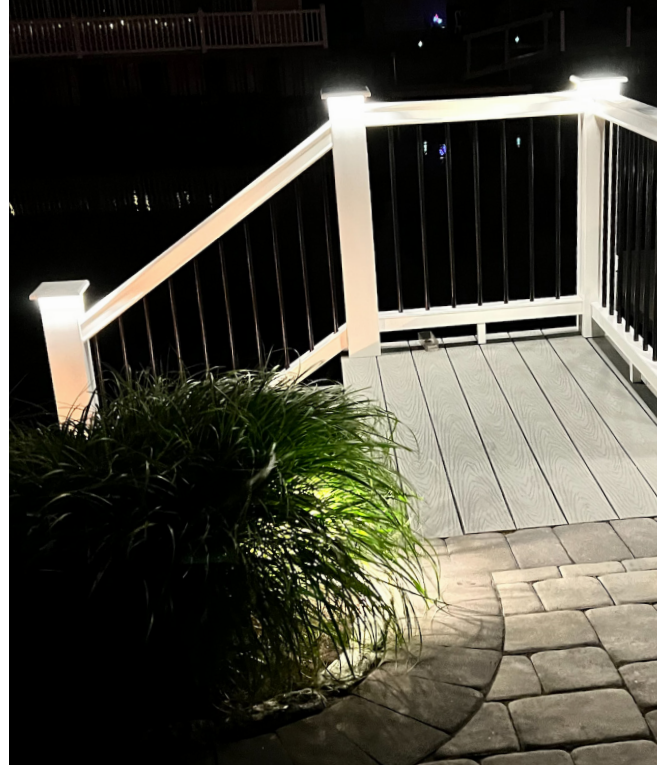

Introducing the New & Improved Lighted Newel Cap!

Enjoy a Clean, Modern Look!

- Available for 5" Newels only
- Available as Flat Cap or Pyramid Cap
- System has been tested in accordance with and passes the IP67 standard including full water submersion
- Light Ring is fully recessed within the cap and entirely insulated and sealed with silicone
- System includes necessary "Do It Yourself" items to light each cap:
 - One transformer style & size (150 watt; supports up to 40 Newels)
 - Timer & "Dusk to Dawn Photo Eye" sold separately

Energy Efficient Lighting

- Down-Lit System with LED recessed under the Newel Cap gives a clean look
- 80% energy efficient vs. traditional systems
- Low Voltage DC System means no permits or Electrician required to install!
