

# PAINT IT *Black*

Add a bold, modern touch to your home exterior with this on-trend aesthetic.

The design trend of a darker color for doors and other home accents is on the rise. For interior building products, that is no problem, but for exterior products subject to the sun's UV rays, that can be a problem....until now. Simpson has a solution if you want your exterior doors painted a dark color.

## Doors Specs if You Want to Paint an Exterior Door a Dark Color -

1. Select a design from the Nantucket Collection™ (77000 series).
2. Select Accoya as the wood type and Simpson will automatically prime the door at the factory. Also, your door will be made with mortise-and-tenon joinery with no face pin.
3. Your door will carry a 10-year warranty with no overhang required.

**\*\*Stainless Steel Hinges and Screws required\*\***

## NANTUCKET COLLECTION

- Mortise-and-tenon joinery
- Two-piece laminated stile-and-rail construction
- 1-7/16" Innerbond® double hip-raised panel or 3/4" Flat Panel
- Simulated Divided Light Construction
- 10-year warranty
- No building overhang required.
